

## Janice McGhee Reference

I have known Janice for 7 years and she regularly looks after Nellie my cat for me.

Janice comes into my home and feeds Nellie meaning that Nellie can stay at home, be happy and safe, rather than visiting the cattery which she does not enjoy.

Janice is incredibly reliable, trustworthy and diligent. Nellie is always happy and well cared for whilst I am away. Janice always checks that Nellie is alright when I return and it is clear she truly loves and respects animals. And in turn Nellie - who does not like many people, is more than happy to be with Janice.

I would not hesitate in recommending Janice to anyone who is looking for someone to look after their pets. Janice will look after them as well as she does her own animals.
